

Purely Nutty. Perfectly Spread

A decorative border surrounds the central text area, featuring a variety of nut fragments (hazelnuts, pistachios) and stylized leaf motifs in shades of brown, tan, and deep red.

At Vega Gıda,

we believe that the finest confectionery experiences are built on a foundation of technical precision and a deep respect for the land. As a proud subsidiary of the Kopuz Group, we combine over 25 years of established industry heritage with the agility of a modern R&D center.

Operating from our specialized 2,500 m2 facility in Rize, our journey is guided by the rich bounty of Turkey's most prestigious harvests. We don't just manufacture; we engineer sensory experiences. From the aromatic oils of Giresun Tombul hazelnuts to the vibrant hue of Antep Boz pistachios, we treat every ingredient as a legacy of flavor.
